Scoring Mechanics

One score card is prepared by the Table Official (Table hereafter) before the game.

The scorecard should be on an A4 paper.

1. If the batter is out, the Table marks an X;
2. If the batter reaches first base, the Table marks S1;
3. If the batter reaches second base, the Table marks S2;
4. If the batter reaches third base, the Table marks S3;
5. Should the batter score, the Table marks O;
6. If the batter is awarded an extra base by an Official, due to a team defensive error the Table marks E;
7. If a runner scores, the Table will circle O the related S1-S2-S3-E;
8. If a runner is out, the Table will circle X the related S1-S2-S3-E;
9. When runners are placed on base during the extra-innings, the Table marks R1-R2-R3;

10. End of the offensive inning is marked with a horizontal line _ below the box corresponding to the last player at bat.
11. A substitution is marked with a vertical line | and the substitute's name and number shall be marked in the space below the name.
If the starting player re-enters, another vertical line shall be noted;
12. End of the game is marked by closing all remaining empty boxes and the scorecard is signed on the back by all officials.
Start and end of the game must be noted.
Any additional note must be written on the back of the scorecard.

In Game Process

- Before giving the ball to the next batter, the Homeplate Official shall confirm with the Table that the previous play was duly noted on the score card.
- Substitutions must be announced to the Table and will take place next time the teams will switch side.
- At the end of the game the Table takes a photo/scan of the scorecard and immediately shares them following, ad-hoc tournament procedures.

Statistics

The current system allows for the following basic statistics:

- Most run scored
- Most valid hits
- Most doubles / triples
- Best defensive team
