DESIGN OF A LOGO

## Main idea: **CONNECTING BASEBALL WITH THE TOWN OF TŘEBÍČ**

In the Czech Republic, we have 14 monuments listed as UNESCO World Heritage Sites. Among these are the historic center of Prague, Český Krumlov, the Tugendhat Villa, and since 2003, the Jewish Quarter and the Basilica of St. Procopius in Třebíč.

A masterpiece of medieval architecture, the triple-nave Romanesque-Gothic Basilica of St. Procopius stands as a gem among Třebíč's landmarks, celebrated for its architectural uniqueness.

Slogan:

**ALL FUTURE DIAMONDS OF  
EUROPEAN BASEBALL**

This slogan is based on the shape of a baseball field, often referred to as a “diamond,” and reflects the similarity between the logo and a real diamond. The future “diamonds” are players under the age of 23, representing the future of European baseball.
